BOTTLE LIST

We love great wine, and we want you to love and enjoy great wine, too! All of our offerings by the bottle (and by the glass, too) are farmed ethically, sustainably, and many are certified organic and/or biodynamic. Don't be afraid of the bottle list! Talk to us about what you're interested in, and we'll make sure you get a bottle that's great for whatever vibe you're feeling. One last fun fact, we think you should get champagne – we've priced our bottle offerings at retail prices to make it more approachable, so that you can really get your bubble on. Cheers!
